[illegible] prepared in the hope that it may facilitate the study of the educational history of Illinois.

Twenty two volumes of the reports of the Superintendent of Public Instruction have been issued since 1854, each full of valuable material but without an index.

This first general index to the volumes already published will be printed as a supplement to the Report for 1899-1900.

Explanatory notes.

The reports are indexed by years and pages, i.e. 91-92 24-5 means page 24 -35 for the years 1891-1893.

Entries are mainly by subject, a few author and title entries being made for articles of merit or importance.
